Christopher King Enterprises LLC (CKE) brings proven expertise in multimodal logistics, supply chain management, and mission-critical freight operations. Led by a military veteran, CKE delivers compliant, secure, and timely transport solutions across global environments. With decades of experience supporting federal agencies and commercial leaders such as Halliburton and Noble Drilling, CKE ensures precision, performance, and mission-ready support for every contract.

CORE COMPETENCIES

- **Specialized Trucking & Freight:** Expertise in the safe movement of specialized, oversized, and high-value cargo across OCONUS and CONUS.
- **Breakbulk, Oversized & Hazardous Cargo Logistics:** Skilled handling of heavy-lift and HAZMAT freight with DOT/FMCSA-certified teams.
- **Base Operations & Supply Chain Integration:** Turnkey warehousing, mobilization, and logistics consulting to support federal and emergency operations.
- **Disaster Response Logistics & Emergency Mobilization:** Fast deployment of relief supplies and equipment to restore critical operations during crises.
- **Expedited & Secure Freight Deployment:** Rapid and compliant freight movement supported by GPS tracking and federal security standards. **Multimodal Global**
- **Transport Solutions:** Integrated air, sea, rail, and ground operations using a global carrier network for maximum efficiency.
- **Maritime & Port Terminal Operations:** Vessel coordination, port clearance, and terminal logistics ensuring smooth and compliant cargo flow.

DIFFERENTIATORS

- Leadership grounded in decades of hands-on military and energy sector logistics. Fully certified for DoD, DOT, TWIC, and HAZMAT requirements, ensuring adherence to federal standards.
- **Proven efficiency with IDIQ WEXMAC 2.0:** Strong track record supporting naval supply operations under strict timelines.

PAST PERFORMANCE

- **NAVSUP TrailerBridge Inc. –WEXMAC 2.0Contract & 2.1 (Titus) Support:** Delivered time-critical logistics and secure freight handling for naval supply operations across multiple U.S. bases, meeting strict readiness requirements.
- **Halliburton Energy Services:** Coordinated international mobilization and heavy equipment transport for oilfield operations in high-risk environments, ensuring safe and timely delivery.
- **Noble Drilling:** Managed offshore supply chain logistics, including freight deployment and regulatory compliance, supporting uninterrupted drilling operations.
